

satisfy the conduct standards of paragraphs (d)(1) through (d)(3) of this section on the basis of conduct by the candidate, the candidate's authorized committee, or the agents of any of the foregoing, that occurs after the original preparation of the campaign materials that are disseminated, distributed, or republished. The conduct standards of paragraphs (d)(4) and (d)(5) of this section may also apply to such communications as provided in those paragraphs.

(e) *Agreement or formal collaboration.* Agreement or formal collaboration between the person paying for the communication and the candidate clearly identified in the communication, or the candidate's authorized committee, the candidate's opponent, the opponent's authorized committee, or a political party committee, is not required for a communication to be a coordinated communication. *Agreement* means a mutual understanding or meeting of the minds on all or any part of the material aspects of the communication or its dissemination. *Formal collaboration* means planned, or systematically organized, work on the communication.

(f) *Safe harbor for responses to inquiries about legislative or policy issues.* A candidate's or a political party committee's response to an inquiry about that candidate's or political party committee's positions on legislative or policy issues, but not including a discussion of campaign plans, projects, activities, or needs, does not satisfy any of the conduct standards in paragraph (d) of this section.

(g) *Safe harbor for endorsements and solicitations by Federal candidates.* (1) A public communication in which a candidate for Federal office endorses another candidate for Federal or non-Federal office is not a coordinated communication with respect to the endorsing Federal candidate unless the public communication promotes, supports, attacks, or opposes the endorsing candidate or another candidate who seeks election to the same office as the endorsing candidate.

(2) A public communication in which a candidate for Federal office solicits funds for another candidate for Federal or non-Federal office, a political com-

mittee, or organizations as permitted by 11 CFR 300.65, is not a coordinated communication with respect to the soliciting Federal candidate unless the public communication promotes, supports, attacks, or opposes the soliciting candidate or another candidate who seeks election to the same office as the soliciting candidate.

(h) *Safe harbor for establishment and use of a firewall.* The conduct standards in paragraph (d) of this section are not met if the commercial vendor, former employee, or political committee has established and implemented a firewall that meets the requirements of paragraphs (h)(1) and (h)(2) of this section. This safe harbor provision does not apply if specific information indicates that, despite the firewall, information about the candidate's or political party committee's campaign plans, projects, activities, or needs that is material to the creation, production, or distribution of the communication was used or conveyed to the person paying for the communication.

(1) The firewall must be designed and implemented to prohibit the flow of information between employees or consultants providing services for the person paying for the communication and those employees or consultants currently or previously providing services to the candidate who is clearly identified in the communication, or the candidate's authorized committee, the candidate's opponent, the opponent's authorized committee, or a political party committee; and

(2) The firewall must be described in a written policy that is distributed to all relevant employees, consultants, and clients affected by the policy.
